With its sleek glass jar, [Dr. Kioni's All Powerful Money Hand](#) candle is a stylish, magical addition to your decor. Light it up and watch how its soft glow brings the room to life! Money Magic at its best. * Affirm "Money Comes to Me. "

Hoodoo money candle magic involves using candles to attract financial prosperity and success. Practitioners select green or gold candles, colors symbolizing wealth, and dress them with money-drawing oils and herbs like cinnamon or basil. They carve symbols, names, or intentions into the candle and often place it on a bed of relevant herbs, coins, or a written petition. As the candle burns, they focus on their financial desires, recite specific prayers, or chant affirmations. The ritual blends African American folk practices with elements of African, and Native American, to influence luck and attract monetary gain.
